

Strategic Vision 2020–23

Our vision

Tasmania's most trusted home and community care provider.

Our vision statement

It is a privilege to provide care and support to people in our community, many of whom are frail or living with complex and chronic conditions.

We aim to provide services that are consumer-centred, build on consumer strengths and abilities, and enable people to live safely and well in their own homes and the community.

1,374 cared for

148 staff

\$13.5m revenue

Wellness
hub

Statewide
coverage

Our services

The District Nurses
Committed to Care

Strategic Vision 2020–23

Our values

The following values guide the day-to-day operations and future planning of The District Nurses:

 **Commitment**
We are committed to inclusive service provision that ensures equitable access and quality outcomes for all

 **Versatility**
We are responsive to our consumers' needs, rights and choices

 **Equality**
We respect the rights of all

 **Excellence**
We strive to perform to the highest standards and deliver the best services

 **Trust**
We are recognised for our reliability and the highest standards of care

 **Transparency**
We are always open to scrutiny and are professional, safe, ethical and honest

Our priorities
